Business Intelligence Analyst | Data Analyst | UI/UX & Web Developer (Junior)

Business Intelligence and Data Analyst with hands-on experience in financial reporting, transaction analysis, and dashboard development within banking and enterprise environments. Proven ability to transform complex datasets into actionable insights using Power BI, SQL, and Excel.

Strong analytical thinker with experience in customer profitability analysis, digital banking transactions, and business reporting. Also skilled in UI/UX design and basic web development, enabling the creation of user-friendly dashboards and simple web interfaces that improve usability and decision-making.

Experience

TRANSACTIONAL BANKER (EWALLET PRO SUPPORT) | FNB BOTSWANA

- Provided transactional banking support for eWallet Pro customers
- Assisted clients with digital payments, wallet transactions, and account-related queries
- Ensured accurate processing and resolution of transaction-related issues
- Supported customer onboarding and digital banking usage
- Maintained service quality in a fast-paced banking environment
- Gained exposure to digital financial systems and customer transaction workflows

Business Intelligence Analyst (Projects & Practical Experience)

- Analyzed month-over-month transaction data including volumes, values, and fees across multiple clients
- Developed Power BI dashboards for cash deposits, POS transactions, eCommerce, and digital banking performance
- Conducted customer profitability analysis to support pricing and revenue strategies
- Analyzed FX turnover and commission structures (Telegraphic Transfers)
- Delivered insights for liquidity trends and banking decision-making
- Produced structured monthly reports and performance dashboards for stakeholders

Web Development & UI Projects (Junior)

- Built simple responsive web interfaces using HTML, CSS, JavaScript, and React.js
- Developed basic front-end components for data visualization applications
- Applied UI/UX principles to improve usability and layout design
- Built website

Skills

- Power BI (Dashboards)
- SQL (Data extraction, cleaning, analysis)
- Excel (Advanced reporting, pivot tables, financial analysis)
- Data visualization & storytelling
- HTML, CSS, JavaScript (Basic-Intermediate)
- React.js (Basic UI development) (learning)
- Git & GitHub
- Figma (Wireframes & UI design)
